EASY PRINT Sn96,5/Ag3/Cu0,5 28g

Product ID: 7126

Price: **4.70 EUR**

Product weight: **0.02 kg**

Description:

EASY PRINT Sn96,5/Ag3/Cu0,5 28gPaste designed for soldering SMD components in production process that do not include washing phase. It is based on a "no clean" flux type, that does not require cleaning and residues do not cause corrosion centres. The product cooperates with all the lead free alloys, it exhibits good tackiness and chemical properties even after being left for 20 hours on the PCB. This time depends on conditions in room: humaidity and temperature.
