Description:

Accessories set for repair Touch screen/LCD it's special set created for all users who already got preheater/seperator and want to start LCD service. Our set contains all accessories needed for repair/replace glass in modern Touch Screen LCDs. Did you ever got in your repair center broken glass ? Do you remember how much whole LCD cost even if LCD/digitizer works well only glass was damaged. Now at 1/10 price of whole LCD you can replace to your client broken glass by heating up LCD by this special machine and separate them. Set comes with, special UV 36W lamp, set of 6 XFORM mold for most popular phones (iPhone 5, iPhone 4/4s, Samsung I9100, Samsung I9300, Samsung I9500, Samsung N7100, Samsung I9500), 5 xFrame LCD mount bracket (i9000, i9100, i9300, i9500, N7100), LCD Opener, tube of LOCA UV glue and 100 m of special molybdenum cutting wire.
