

Activation Martech SBS

Product ID: 6868

Price: **39.00 EUR**

Product weight: **0.00 kg**

Description:

Activation Martech SBS it's easy in use tool for repair faulty batteries. SBS supports: laptops, cameras, video cameras, digital cameras and other types. You can reset charging cycles and date of manufacturing, so in short brief: when your battery doesn't work properly and its cells are in good condition you need to use SBS on battery eeprom and you will have again fully working battery. We recommend Martech Analyzer for regenerate process of cells.
