

Adapter JTAG VREF Multi-COM

Product ID: 8049

Price: **12.00 EUR**

Product weight: **0.02 kg**

Description:

Adapter JTAG VREF Multi-COM it's universal JTAG adapter that emulate Vref for devices that require it (for example ORT - called Omnia Repair Tool). TO this moment each user of ORT must find on PCB Vref pin which are necessary - by using this adapter it isn't. Adapter will give correct voltage depends on IC core - 1,8V for OMAP, 2,6V for Qualcomm and 3,3V for PXA (intelScale).
