AMAEO Mbga-B13 IP13 4in1 0.10mm BGA reballing platform with stencils

Product ID: 22948

Price: **45.00 EUR**

Product weight: **1.00 kg**

Description:

AMAEO Mbga-B13 IP13 4in1 0.10mm BGA reballing platform with stencils - Reballing platforms are high-quality products that enable precise re-creation of balls connecting the upper and lower parts of the motherboard and for removing glue. Made of high-quality synthetic stone, resistant to high temperatures and quickly cooling down. Platforms equipped with very strong magnets that prevent movement during soldering work using templates / reballing sieves.
