

ASR NOR Adapter for ASR 1603 SoC

Product ID: 23172

Price: **209.00 EUR**

Product weight: **0.10 kg**

Description:

ASR NOR Adapter for ASR 1603 SoC is a programmer in the form of a USB key that allows access to data contained in the internal NOR memory embedded in ASR 1603 SoC. These processors (SoC) are most often found in smartwatches, GPS trackers and IoT devices. Our adapter revolutionizes data recovery from damaged devices - just after ChipOFF, place the processor in the adapter and connect the adapter to the USB to enable data reading.
