## Autel MaxiCheck EPB Pro

---

Product ID: 13901

Price: **199.00 EUR**

---

Product weight: **1.00 kg**

### Description:

Autel MaxiCheck EPB Pro is specially designed for safe replacement and recalibration of brake pads on a growing number of vehicles with EPB systems. By disengaging the brake system, it increases safety with a push of button. NO need to use expensive OEM diagnostic systems to do the job makes the tool a time saver and a money maker!
