Automatic Press/Laminator MT-201 OCA LCD 17"

Product ID: 21234

Price: **919.00 EUR**

Product weight: **70.00 kg**

Description:

Automatic Press/Laminator MT-201 OCA LCD 17" is dedicated to the final heat (40-50C) combining the LCD and glass phone / tablet using a patch glue OCA. The whole process is by pressing both parts joined heated press pressure on the pressure 0-10kg / cm² under vacuum (-94-98kPa). The use of the laminator eliminates the possibility of the appearance of air bubbles that may occur some time after the completion of the process in the event that will only be used autoclave OCA.
