## BK-502 soldering iron stand

---

Product ID: 22349

---

Price: **21.00 EUR**

Product weight: **6.50 kg**

### Description:

BK-502 soldering iron stand is intended for soldering irons for work on production and assembly lines. It has an adjustable stock holder that can be set within 150 degrees. The stock flange can also be pressed to some extent with the adjusting screw. The weight of 600g allows stable operation of the flask for many hours. Copper tip cleaner included.
