

Cables Connection Kit MOBILedit

Product ID: 22660

Price: **799.00 EUR**

Product weight: **1.00 kg**

Description:

Cables Connection Kit MOBILedit This is a special collection of custom-made USB cables that covers the vast majority of phones ever manufactured and possibly available among users today. Save valuable time that you would have spent searching for older cables because this collection includes also discontinued and even legacy models. Everything is designed to allow for convenient and trouble-free work. If you are a forensic professional, this product is a must have.
