## Desoldering / Hotplate for iPhone 6/6S (A8/A9)

---

Product ID: 21853

Price: **85.00 EUR**

---

Product weight: **0.70 kg**

### Description:

Desoldering / Hotplate for iPhone 6/6S (A8/A9) is an iPhone hotplate that we can connect to an iPhone, Ayoue, WEP soldering iron for iPhone repair. Thanks to the dedicated plate, which heats the surface all over its surface, we can easily service all parts without risk of delamination or damage to the components (thermal shock).
