## EDL (Emergency Mode) cable for Nokia 6 (TA-1052)

---

Product ID: 22307

Price: **12.00 EUR**

---

Product weight: **0.10 kg**

### Description:

EDL (Emergency Mode) cable for Nokia 6 (TA-1052) is a dedicated EDL cable for Nokia 6 that allows removing the FRP in the above-mentioned model by means of devices supporting this model, eg OctoPlus FRP. It also allows you to enter the Emergency Download Mode (9008) in situations where the phone is damaged by software and attempt to enter the above mode via ADB or the key mode does not work (VolumeUP + Down).
