## LA MR converter for DSLogic and ZeroPlus

Product ID: 22721

Price: **25.00 EUR**

Product weight: **0.10 kg**

### Description:

LA MR converter for DSLogic and ZeroPlus analyzers allows you to connect MR adapters to the logic analyzer for verify pinouts and detect communication problems between NAND reader and NAND memory based on the analysis of NAND communication signals. To use LA MR converter you need a DSLogic + adapter for UNI Pro Dual or LA ZERO adapter for UNI Pro Dual.
