

Laminator GM928 with forms for Samsung

Product ID: 22274

Price: **1325.00 EUR**Product weight: **25.00 kg**

Description:

LCD and OCA laminator with forms for Samsung is used to connect curved displays with a new glass of Samsung S6 EDGE, S6 EDGE +, S7 EDGE, S8, S8 +, S9, S9 +, NOTE8 and flat displays as well as applying OCA slices on a new curved glass. The entire joining process consists in pressing the two elements together with a heated pressure press using a pressure of 3-5kg / cm² in a vacuum. The attached forms for these Samsung phone models are used for this purpose.
