LCD screen testing cable for iPhone 11

Product ID: 22699

Price: **8.00 EUR**

Product weight: **0.30 kg**

Description:

LCD screen testing cable for iPhone 11 This handy pair of test cables makes it easy to check the functions of a replacement LCD display and digitizer without having to complete the installation and close up the iPhone's case. Indispensable to anyone who makes multiple iPhone 11 repairs. With this pair of cables installed in an iPhone 11 body you can connect, test, and quickly swap multiple replacement LED displays and digitizers without wearing out the delicate press fit connectors on the logic board.
