

LCD screen testing cable for iPhone 11PRO/11PRO MAX

Product ID: 22700

Price: **8.00 EUR**Product weight: **0.30 kg**

Description:

LCD screen testing cable for iPhone 11PRO/11PRO MAX this handy pair of test cables makes it easy to check the functions of a replacement LCD display and digitizer without having to complete the installation and close up the iPhone's case. Indispensable to anyone who makes multiple iPhone 11PRO/11PRO MAX repairs. With this pair of cables installed in an iPhone 11PRO/11PRO MAX body you can connect, test, and quickly swap multiple replacement LED displays and digitizers without wearing out the delicate press fit connectors on the logic board.
