LOCA Drei Bond 6099 - gel (300 ml)

Product ID: 16576

Price: **78.00 EUR**

Product weight: **0.20 kg**

Description:

LOCA Drei Bond 6099 - gel (300 ml) t it's high quality of LOCA glue gel dedicated for LCD and Touch screen connetion. Higher resolution and greater contrast ratio is required in modern TP-LCD application such mobile phones and flat panel computers. The traditional OCA tape cannot fulfill the needs now due to the refractive index of OCA tape didn't quite match the TP and LCD glass, and therefore reduce the viewability under sunlight as the light reflected and the durability of OCA tape is poor. Solution it's LOCA ! Because of its high viscosity of the adhesive does not flow from vertical surfaces
