LOCA glue remover 200ml

Product ID: 16650

Price: **10.00 EUR**

Product weight: **0.30 kg**

Description:

LOCA glue remover 200ml is a high-quality liquid for removing adhesive residue of cured LOCA/OCA from LCD/OLED. You need to apply a thin layer of liquid and wait 40-50 seconds and then remove the adhesive from the display. If a large amount of superglue has to be debonded, it may be necessary to apply extra debonder until the joint comes apart. The bottle contains a pump, just touch the cloth and press.
