## Low-Melting solder paste Mechanics MCN B80-BS458 - Sn42/Bi58- 60g

Product ID: 22026

Price: **19.00 EUR**

Product weight: **0.10 kg**

### Description:

Low-Melting solder paste Mechanics MCN B80-BS458 - Sn42/Bi58- 60g is a special type of low melting solder paste (tin in the form of paste) designed for soldering SMD / BGA elements in repair processes / data recovery. Thanks to a very low melting point of 138C, it enables complex repairs (eg, inserting a CPU in the iPhone) without exposing the other components of the phone to damage.
