

Martech SL3 BruteForce Cloud System

Product ID: 8612

Price: **20.00 EUR**

Product weight: **0.00 kg**

Description:

Martech SL3 BruteForce Cloud System is a new addition to Martech Service Manager. The application definitely makes it easy to support multiple computers that count the codes for SL3 phones using Brute Force method. The application is based on oclHashcat-lite v0.06 and v0.08. The main part of the application is server, dividing tasks between computers on which SL3Client application is running.
