microSD NAND Monolithic MR21 V2 adapter (diagram 7x3)

Product ID: 22720

Price: **359.00 EUR**

Product weight: **0.20 kg**

Description:

microSD NAND Monolithic MR21 V2 adapter (diagram 7x3) is high quality special adapter for microSD cards with 7x3 pitch using NAND protocol without soldering. The MR21 V2 adapter is compatible with devices such as Visual NAND Reconstructor VNR (Rusolut), Flash Extractor (Soft Center) and PC3000 Flash (Ace Laboratory). The adapter replaces the need for any soldering to the card for reading and, thanks to unique solutions, it also enables quick XOR extraction or analysis and configuration of other pinouts than originally provided with the adapter using a logic analyzer. Use of the adapter minimizes the risk of card damage by soldering (ie pad breaking) and faster readings in microSD card technology mode using various NAND programmers.
