### Description:

MT-BOX Full it's fully activated MT-Box that comes with activation for Nokia, SonyEricsson, Siemens and BB5 without TP, BB5+ and SL20 activation. Product of GriffinTeam group for flashing and servicing Nokia and Siemens phones. By using this tool you can flash 10 phones of different models at same time (just you need to have 10 MT-Box) at 1 PC. But not only this feature gives it's high place in Nokia service equipment - second one and most important it's speed. For flash BB5 you need only 2:27 min as example.
