## PCB scrub block

---

Product ID: 14217

Price: **3.50 EUR**

---

Product weight: **0.05 kg**

### Description:

PCB scrub block is for dry cleaning and simultaneous degreasing of copper-coated base material. Produces absolutely metallic bright surfaces that form an ideal adhesive substrate for silk screen printing ink, photo resists, transfer symbols, print pins etc. A must for immersion tin- and silver-plating.
