

## Phone case for locking signals GSM/LTE/WiFi/GPS MORO 4

---

Product ID: 22018

Price: **12.00 EUR**

---

Product weight: **0.10 kg**

### Description:

Phone case for locking signals GSM/LTE/WiFi/GPS MORO 4 it features Faraday cage for mobile phones that block both GSM / GPS / WiFi signals. Ideal for people who want to protect their privacy in selected locations. When you insert the phone into the case without having to turn it off, the device will lose its reach in a few seconds: the phone will be unmarked. The person trying to call a phone will hear a busy tone or a message that the subscriber is unreachable.

Dimensions: 170mm x 115mm x 3mm

Color: Moro- dark brawn
