PRO EdgePress Pro Driver (DR-01)

Product ID: 17147

Price: **99.00 EUR**

Product weight: **0.30 kg**

Description:

PRO EdgePress Pro Driver (DR-01) is the handle to the gTool PRO heads. Is designed for quick repair deformations in the corners and edges of the aluminum frames used in Apple devices with connection to additional head. The device is useful when the deformation frame does not allow the installation of a new display.
