## QUICK 715 2in1(double station)760W soldering station

Product ID: 22789

Price: **163.00 EUR**

Product weight: **3.40 kg**

### Description:

QUICK 715 2in1(double station)760W soldering station is a 2-in-1 soldering station, i.e. a hot air station with a soldering iron. Thanks to two types of heat, the device is intended for soldering and desoldering elements in electronics. It will be perfect for both hobbyists and professional workshops.

The device is characterized by a compact housing that takes up little space.
