R-Wipe & Clean

Product ID: 23137

Price: **79.99 EUR**

Product weight: **0.00 kg**

Description:

R-Wipe & Clean is a complete R-Tools solution to remove useless files, free up your disk space, and clean various privacy-compromising information on your online and offline activity. This includes internet history and cookies, lists of downloaded files and opened documents, various data caches, temporary files, and many more items, created by the operating system, most contemporary internet browsers and communication programs, and by hundreds of third-party applications.
