Product weight: **0.10 kg**

### Description:

Read PIN/BackUP PIN code from from device without OTG - based on Android 4.x.x/5.x.x is a service based on a reading Lock code (PIN/BackUP) from from delivered device which don't support OTG. The service is non-invasive, it means that the phone does not need to have enabled USB debugging or programmer mode - does not make any changes to the phone, ie. We do not disassemble device, we do not interfere in the data and not upload anything to phone (Recovery etc.).
