---

Product ID: 21268

Price: **99.00 EUR**

---

Product weight: **0.01 kg**

### Description:

Read PIN/Pattern Lock from Android 6.x - Gatekeeper (JTAG/eMMC) is a service of reading PIN/Pattern Lock code from Android based phones. The service is non-invasive, it means that the phone does not need to have enabled USB debugging or programmer mode - does not make any changes to the phone (not solder anything in phone), We do not interfere in the data and not upload anything to phone (Recovery etc.) - for readign process using unique VR-Table diagnostic table that allows to make JTAG/eMMC operations without soldering.
