RT0017 card opener

Product ID: 21885

Price: **0.49 EUR**

Product weight: **0.01 kg**

Description:

RT0017 card opener is a opener / separator to assist the separation process of EDGE displays from broken glass at cryogenic separation. The 0.35mm plastic card at the time of separation adjusts its shape to the surface of the uneven display, minimizing the possibility of damage and thanks to its structure it does not adhere to the LCD surface. Card size: 86x54mm
