

## SD-EMMC Plus Adapter - Model SE-P1

---

Product ID: 21681

Price: **17.00 EUR**Product weight: **0.10 kg**

### Description:

SD-EMMC Plus Adapter - Model SE-P1 is the latest adapter to connect eMMC memory using ISP or after Chip-Off by ordinary SD card reader or MMC Plus card reader (8-bit transmission). In addition, the adapter has a possibility to choose whether the power to eMMC (VCC and VCCq) is taken from the reader, ie. 3.3V or from an external power source Lab power supply (VccQ and Vcc)
