

## Soldering / Desoldering Station 915

---

Product ID: 14322

Price: **124.00 EUR**

---

Product weight: **4.00 kg**

### Description:

Soldering / Desoldering Station 915 is designed for lead-free soldering. Fast heating and high power provides convenient soldering / desoldering ICs. Proper construction, one-hand operation and high power absorbing allows for easy removal of residues of solder from one-sided and double-sided printed circuits.
