

Ultrasonic EMAG EM30 MF30

Product ID: 21902

Price: **1011.00 EUR**Product weight: **6.00 kg**

Description:

Ultrasonic EMAG EM30 MF30 Ultrasonic Cleaner with Sweep Frequency and Sweep function and five step cleaning power regulation. The Emmi MF 30 is an excellent choice for those who plan to clean both heavily contaminated objects requiring the highest possible ultrasonic vibration (20 kHz) and delicate or exacting components. Cleaning (40 kHz). Thanks to the ability to adjust the frequency, the washing machine combines the advantages of low and medium-frequency vibration devices.
