

Upper Heater Reflector Jovy JV-UR set

Product ID: 8359

Price: **42.00 EUR**

Product weight: **0.21 kg**

Description:

Upper Heater Reflector Jovy JV-UR set is set of three upper heater reflector (JV-UR22, JV-UR33, JV-UR44), designed to control the heat emitted from the upper heater allowing infrared waves to travel straightly through the specified window space and reflecting extra waves away from the working area. Jovy Systems JV-UR upper heater reflector functions as a nozzle, preventing other components from direct infrared effect.
