

## USB Analyzer / VCC Adapter

---

Product ID: 8147

Price: **25.00 EUR**

---

Product weight: **0.12 kg**

### Description:

USB Analyzer / VCC Adapter it's easy to check analyzer for any USB devices and it's power requirements! Knowing this small but important aspect can help you asset the working condition of the device itself and quickly find problems with power requirements! Also if you will find an error or found that USB device connected require more than 500 mA which it's max value for PC computers you can connect 9V which up to 1.5A so 1500 mA to give more power to it.
