## USB cable Prolific PL2303X with 4mm banana connectors VR70/73M

---

Product ID: 21259

Price: **15.00 EUR**

---

Product weight: **0.10 kg**

### Description:

USB cable Prolific PL2303X with 4mm banana connectors (VR70/73M) is an additional cable for VR-Table that allows you to easily connect any device requiring TTL/UART transmission to a computer via VR-Table. Thanks to the use of banana connectors, it is possible to combine signals, e.g. in order to additionally connect an oscilloscope / logic analyzer. To use with VR70/73M probes.
