UV LOCA Kafuter K-3626L (Liquid Optical Clear Adhesive) Glue (50 g)

Product ID: 13927

Price: **17.00 EUR**

Product weight: **0.30 kg**

Description:

UV LOCA Kafuter K-3626L (Liquid Optical Clear Adhesive) Glue (50 g) it's high quality of LOCA glue dedicated for LCD and Touch screen connection. Higher resolution and greater contrast ratio is required in modern TP-LCD application such mobile phones and flat panel computers. The traditional OCA tape cannot fulfill the needs now due to the refractive index of OCA tape didn't quite match the TP and LCD glass, and therefore reduce the viewability under sunlight as the light reflected and the durability of OCA tape is poor. Solution it's LOCA !
