

## Voltometr GPGtester

---

Product ID: 8714

Price: **12.00 EUR**

---

Product weight: **0.05 kg**

### Description:

Voltometr GPGtester is a very handy tool for finding RX TX on mobile phones. IN other words it's voltmeters that gives more informaiton about circuit and signals - good tool for MTK phone work. Since it's powered from microUSB cable then you will nto have any problems with batteries anymore.
