Workshop lamp SMD LED with magnifying glass (127mm) 8066D3LED-U 5D 2-10W LED

Product ID: 22663

Price: **59.00 EUR**

Product weight: **2.00 kg**

Description:

Workshop lamp SMD LED with magnifying glass (127mm) 8066D3LED-U 5D 2-10W LED diodes emit bright, stable and reliable light, without the effect of reflections (glare) and harmless to the human eye. The combination of a magnifying lens with lighting allows you to see even small objects more accurately and deeply. You can use the lamp as a normal source of illumination, for example, a work surface or use a magnifying glass depending on your needs. By mounting the lamp on movable joints, you can adjust its height and inclination depending on your needs.
